HOW CAN WE HELP YOU GROW?

We believe that helping others grow is the secret to success, and we will do whatever we can to help.

We know how time consuming the day-to-day operations of running a business are, let alone finding the time to market your business and plan for the future. We understand that most of your day is filled with working in your business, rather than on your business, and so we've spent a considerable amount of time fine tuning a product range that actually delivers results.

No matter if you're a sole trader or work in a team, if you have global clients, or service your local community, if you're ordering daily or just every now and then, we don't change. It's our commitment to high quality products, competitive pricing, efficient service, fast turnarounds and our ever expanding range that allows you to focus on the 'why', more than the 'how'. We're here to celebrate your big wins and support you through your challenges, because that's our 'why'. Let us help you deliver yours.

FABRIC SIGNAGE AND DISPLAYS

WHY WE SELL WHAT WE SELL

Convenient, affordable and attention grabbing, that was the brief for our Fabric Signage & Display range. We worked hard to ensure that every product in our range from budget to deluxe was of a high enough quality that we'd be proud to put our name to. If we wouldn't put it in our own exhibition stand then it didn't make the cut. We had to think about how easy each piece was to transport and install (that expo set up pressure is real), how it would look after it's been stored for 6 months (hence why most of our fabrics are wrinkle free, yipee!), how we could help you stand out whether your event was inside or out (you think the main use of a marquee is for the advertising, but we all know it's the shade it provides that's the real MVP).

We sell what we sell because it passed all the tests, and if you know our quality standards, you'd know the range must be pretty good.

PRODUCTION TURNAROUND

The best part about an extended range of products means we have options. Whether you need something urgently turned around in 24 hours to get you out of a pickle or you've got a little more time up your sleeve to really make an impact, we're here to help. Our A-Frames, Banners, Pull Up Banners and X-Banners are all produced in 24 hours, but if you're looking for something with a bit more 'oomph' our extended range of fabric displays are turned around in only 10 working days.

PRODUCTS TO SUIT EVERY BUDGET

The hardest part about putting your brand on display is that your marketing has to match your product. If you're selling $5 shoe horns you probably don't need a $2000 display wall, and if you're selling $10,000 websites a $70 banner flag isn't going to cut it. Let us help you narrow down the search with our Basic, Standard and Deluxe range of products so you know exactly where to start.

Our Super Saver banner flag is the bees knees! We've kept our popular fibreglass pole but swapped out the spike and carry bag to a more economical option. The perfect product to get clients in the door.

Why buy an unprinted hardware-store marquee when branded ones are this cheap!

BASIC STANDARD DELUXE

FABRIC SIGNAGE AND DISPLAYS

BANNER FLAGS

Designed to withstand the harsh sun rays, our teardrop and feather flags are printed using dye-sublimation, and are double stitched for durability. Single sided banner flags are printed on 110gsm knitted polyester, and our double sided flags are printed with a fabric layer sewn in between to ensure block out. All banner flag sets come standard with a custom print, carry bag, high quality fibreglass pole and star picket ground spike that reduces the ability for the flag to move or lean.

BANNERETTE FLAGS

If you're looking to spruce up a lectern or a podium at a conference or awards night, then bannerettes are the way to go. Typically used to showcase a logo, coat of arms, slogan or motto they're a great way to keep a brand's message front and centre. Our bannerettes are printed on a luxe 175gsm satin woven polyester with 3 different finishing styles to choose from, including tassels and fringes for a high end feel.

BANNERS GRAND FORMAT

Fabric banners are a great advertising medium and a great alternative to PVC banners as they are lighter, easier to transport and store, easier to install, and can be chucked in the wash when dirty! One of all time favourite and practical signage options.

BURGEES

Nothing beats an old fashioned burgee. Despite being traditionally used as a signal or identification on the water, burgees are becoming an increasingly popular marketing tool to attract attention towards your brand or event. Our burgees are printed on 151gsm feather yarn and are dye sublimated single sided. Make your clients' mark on the water in a non saturated market!

EZY TUBES

Are you looking for portable display signage with the ability to change the message as often as you like? Our Ezy Tubes are the answer! With a large range of sizes from 915mm - 6m wide, you're bound to find a size to suit. Made with 230gsm knitted polyester, they are printed using dye-sublimation, are wrinkle free and machine washable, making them the ideal portable companion. Padded carry bag included!

GOLF FLAGS

Golf flags are a great way to capture a large audience and advertise your clients' brand year round. These single sided flags are direct printed with bleed through on 130gsm knitted polyester. We have 3 different fixture options to choose from, our most popular is the plastic tube insert (20mm diameter to fit onto a standard golf flag pole).

SIZES AVAILABLE

508 × 355mm

HAND FLAGS

Hand flags are extremely popular among the promotional industry as well as sporting clubs and promotional events. Our hand flags are printed on a taffeta fabric that is dye sublimated single sided for a luxe look and feel. They are a great way to make a BIG impact at an affordable price.

SIZE AVAILABLE

MARKET UMBRELLAS

An outdoor promo product that's all about being seen. Increase brand awareness with high quality market umbrellas.

Using a 45mm aluminium hex frame and a 600D canopy, these dye sublimated 2m squared market umbrellas ooze quality. Adjustable in height, there's no wonder they're hot property.

They are designed to slot into a standard 60mm table hole to provide shelter and are highly sought after by cafes and restaurants that are looking to stand out amongst a sea of competitors.

MARQUEES

Custom printed marquees offer the opportunity to make a brand's presence known in a big way. Our extensive marquee range includes a range of sizes from 3 to 8m, custom printed or plain canopies, full and half side and back walls, and a range of additional marquee extras. They come with a structural engineering certification, certified to withstand high winds.

POINT OF SALE - WALL FLAGS

Wall flags are an incredibly affordable and interchangeable display, making it easy to keep extra designs on hand and swap them out within seconds. Rather than a plastic stock, we choose to print on 175gsm woven polyester for a longer lasting, higher quality and more vibrant image, that's still light enough to flow in the wind and chuck in the wash if it gets dirty. Talk about a win-win!

POP UP COUNTERS

Do your clients exhibit at trade shows, pop up in shopping centres or display their services at events? Our pop up counters are an affordable way to look professional without breaking the bank.

They require no tools to set up, and pack down into a small carry case to make transportation a breeze. They can be customised to suit any event and the machine washable and wrinkle free fabric means you're able to use them time and time again.

Our favourite part is the ability to store items behind the fabric, perfect for all the pieces you want to keep out of sight!

SIZE AVAILABLE

Wave fabric: Lastra 1270 × 900mm
Rectangle fabric: Lope 1000 × 1000mm

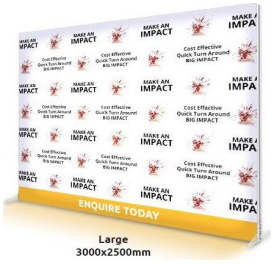

SEG LIGHTBOXES

A versatile and user friendly display system. With LED lighting embedded within the side panels, our SEG lightboxes utilise patented invisible integrated wiring (this means no dangling cords in between each piece!). Simply click each end into place and the last piece connects to the power supply. Each SEG fabric graphic is hemmed with a silicone lining that easily pushes into the display for a quick, taut, tool free, wrinkle free set up. Made with synthetic structured PVC, our lightboxes are lighter than most displays out there, and come standard with a padded carry bag.

Simple, convenient, and best of all attention grabbing for a high end look. Display them as a stand alone sign or connect them with our accessories to create showstopping modular displays.

SIZES AVAILABLE

Small 850 × 2000mm
Medium 1000 × 1500mm
Large 3000 × 2500mm

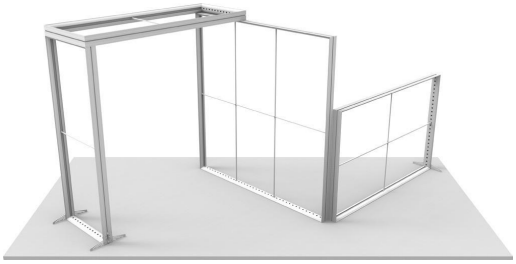

TABLE THROWS

Looking for an economical way to make a big impact at your next event or exhibit? Printed in full colour using dye sublimation, our loose, fitted and stretch table throws are the perfect eye catching signage.
